Terminal 2 Meet & Greet procedures

Once you have collected your bags and cleared customs you will proceed through the first set of sliding doors and into an area of Time Share Sales. It is especially important to note that you must proceed all the way outside without stopping inside. Time Share representatives are extremely creative and persistent in their techniques and should be avoided if you are not interested in purchasing their products and services. Please note that GO CABO is NOT AFFILIATED with any Time Share operation, even though some airport Time Share sales agents may try to trick you, by saying so. please proceed through the last set of sliding doors to the outside of the terminal walk to tent num 10. Here our staff will meet you & greet you with a Go Cabo sign and your personal driver will assist with your luggage and direct you to your assigned transfer vehicle. You may also reach us by dialing our local number +52 624 158-8648
